PRACTICAL TIPS:

Informing fellow passengers:

We kindly ask you to inform the fellow travelers of your group about the port of the vessel, the car parking possibilities and about for example bringing your own duvets and/or towels.

Contacting the vessel:

We suggest you to give at least one cell phone number of one of the passengers to those who stay at home. Passengers can not be reached through Sailing Adventure Tours or the captain.

Bicycles:

You cannot bring bicycles on board of a sailing vessel. In the most ports or islands it is possible to rent a bike. When you travel by bike you can put up your bike in the nearest bicycle shed during your sailing trip.

Parking places:

On the map, which we will send you about 4 weeks before departure, is marked where you can park your car. There are secured parking places in the most cities of departure, where you have to pay for.

Arrival:

On the day of arrival you can check in on board. The captain will show you your way on board and show you the cabins. Also you can talk with him about the route and your wishes. Please inform him about your wishes as soon as possible.

Luggage

Wardrobe space on board is limited. We advice to put your luggage in a soft bag and not in a suitcase.

Seasickness

You have nothing to fear, if you get seasick fast. People do not often get seasick on our vessels. The waves have little effect on the ships' stability. The decks on our vessels are spacious, so that you take a walk and get some fresh air. Regular eating and proper sleep will make you less likely to get seasick. In the event of seasickness you can get a simple remedy against it at the pharmacy or chemist's.

Safety

Due to the combination of good material and experienced crew, our vessels are reliable and safe. Register Holland, the classification bureau responsible for sailing ships, regularly subjects the ships to thoroughgoing monitoring and checks on behalf of the Dutch Shipping Inspectorate.

Force 7 winds

Sailing should be safe and fun, so in principle we do not sail in Beaufort scale 7 wind conditions and above. Under certain circumstances it is possible to sail, however the skipper has the final judgment in this.

Life vests

There are enough life vests for all passengers on board. Kindly advise us when booking if children will accompanying you. We need to know how much they weigh so that we have the right children's life vests on board.

Animals

Animals are not allowed on board of our vessels.

Insurance and agreements

The ships carry all-risk insurance. Personal liability policies cover the crew in their dealings with the passengers. We do recommend you to take out travel insurance, cancellation coverage and bad weather (storm) coverage. Further details will be provided when you make your reservation.

For all sailing vessels of Sailing Adventure Tours the general agreements of the Traditional Chartervaart Netherlands (TCN) and the association of professional skippers (BBZ) apply.
